CSS is often referred to as a 'One Stop Shop' for giving tools, information, and help. If you have decided in your heart to give, we would be delighted to assist you with your deliberations on the how and when. We offer free Gift Planning consultations as well as will & estate reviews on behalf of our **partners**.

"We are so thankful to have been connected to CSS and the estate advisor. The entire meeting was so informative and enjoyable. He was so knowledgeable, flexible, and open to discuss any things related to estate planning. Thanks to his great help, the meeting with our lawyer to complete legal documents was so efficient."
